

Negative development

If you want to learn how to develop your own black and white negatives (even in your bathroom later on), this workshop is for you. Step by step you will do the whole procedure under my supervision, you will learn what you need for it, how to handle the negatives and the equipment.

- looking up your negative in the development chart
- rolling the negatives, closing the tank
- mixing up the chemicals
- developing, washing
- drying, cutting

Dates are upon requests, it takes about 3 hours.

To apply, please write an e-mail to print@csibellow.com with "Negative development" in the title.

The price is **50 Euro** (equipment and material included).

Location: Simplon Lab, Simplon str 65, 10245 Berlin, Friedrichshain – 2 min from Ostkreuz S-Bahn station

The chemicals which we are going to use are not dangerous but they stain, so in case of accidents, please wear clothes that you don't mind to getting permanently stained.

Hope to see you soon!
