

Portfolio/Exhibition

When you are putting together an analog Portfolio (for example to apply to photo school) or you are planning on your own Exhibition, I offer a private course where we are going to finalize your own Analog Portfolio or Exhibition from choosing the pictures, through figuring out the look and style of the prints, until the enlarging of the entire selection. We will print your pictures in the darkroom together, so at the end you will learn the whole process and you will have the final pictures with notes for the future editions.

- introducing the project via e-mail
- discussing the details in person
- selection of pictures
- deciding on the look of the prints
- choosing paper, getting it
- printing the photos together
- drying, retouching, cutting, packing

Depending on the amount/size of your pictures, please count with at least a good **month** before your final deadline (meaning the day when you have to bring the pictures to the framer, not the day of the opening), as analog printing takes time!

To apply, please write an e-mail to print@csibellow.com with "Portfolio/Exhibition" in the title, and we can discuss the details and the first appointment via e-mail.

The price is **500 Euro + paper cost** (8 - 10, maximum 50 x 60 cm pictures. If your project is much smaller or bigger, the price is discussed on the first meeting).

Location: Simplon Lab, Simplon str 65, 10245 Berlin, Friedrichshain – 2 min from Ostkreuz S-Bahn station

The chemicals which we are going to use are not dangerous but they stain, so in case of accidents, please wear clothes that you don't mind to getting permanently stained.

Hope to see you soon!
